

Corporate Fact Sheet

Legal Name The company is incorporated as a private corporation under Government of Nepal, Govt. registration No 13521/057-58 as **Nepasoft Solutions Pvt. Ltd.**

Established Nepasoft Solutions Pvt. Ltd. was founded in Nepal in 2000 by a team of young and energetic software novices with a zeal to value innovate in emerging, demanding as well as competitive information technology (IT) arena with a clear mission to ensure that IT should be the ideal enabler to address the astoundingly fast paced development of technology as demanded by increasingly complex business and work flows globally. To be affiliated with Nepasoft Solutions LLC, headquartered in Washington DC, USA since 2006, has been a progressive move for Nepasoft to be closer to one of the epicenters of these development phenomena.

Business Strategy Nepasoft Solutions Quality Policy is defined as –**To deliver a high level of customer satisfaction through continuous value innovation as an enabler.** This has led to positive long-term working relationships with both our customers and solutions partners in Nepal and outside.
